CREICS
TECHNOLOGIES

ABOUT US

Creics Technologies was incorporated in the year 2014 as a software development company. Before that, we have started our services in 2012 for domestic projects. In 2018, we expand our firm into HR services. Within the first year of its operations, Creics has carved a niche for itself in the field of IT and has increased its business by acquiring some major domestic and international hiring. Creics truly believes in communication for every successful project which offers a wide range of solution suites which can be optimized for each customer's unique requirements and existing infrastructure.
